

A Life A Limb A Sacrifice©

“Just For You And Me”

Freedom is a privilege
 Certainly not free
 A life a limb a sacrifice
 Just for you and me

Acknowledge first their sacrifice
 Their willingness to give
 A life a limb a sacrifice
 So you and I can live

Courageous acts of valor
 Peace of mind and thought
 Lives we live with freedom
 Is what our heroes bought

Wars and conflicts over time
 Requirements are the same
 Protectors that defend our rights
 Dangerous war time games

Many serve our country
 Enlist for dangerous tour
 End of each enlistment
 Many sign for more

Brutal wars they wage for us
 Our duty is a must
 Raise our flag in honor
 We must regain their trust

We often fail to realize
 For every life they gave
 Widow or an orphan
 Is also what they made

Service when behind them
 Our heroes coming home
 Many find conditions
 Discover they're alone

Soldiers that return
 Engage another fight
 Launch a different battle
 Reclaim a normal life

Our time to understand
 Results from what they've done
 Many are inflicted
 Their war has just begun

Out of work without a home
 Too many troops will face
 Begging for essentials
 America's disgrace

Home health and happiness
 Is what our troops deserve
 Their sacrifice of limb and life
 Time that they have served

Provide a place to educate
 Healthcare for all our nation
 Not just a noble gesture
 Our Nation's obligation

Americans are who we are
 Home of the very free
 Let us all remember
 How this came to be

Soldiers' men and women
 Protectors of our land
 America is our home
 Let's do all we can

America it is our time
 Step up and pay the price
 We have to serve our warriors
 We have to do what's right
 With just a little effort
 From each and every one
 Help them meet their needs
 Pride for what they've done

Freedom is a privilege
 Certainly not free
 A life a limb a sacrifice
 Just for you and me
